### **Circular**

Dear Parent,

### **NASA Educational and Recreational Trip**

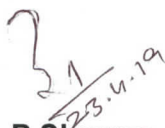

**Greetings for the day!**

We are pleased to announce our first NASA **educational and recreational** trip to USA from **01<sup>st</sup> September to 09<sup>th</sup> September 2019**. There will be 3-day international camp at the **Kennedy Space Center – Orlando FL**, students will be engaged in unique adventures and educational activities that cannot be found anywhere else. Campers team up as they are presented with everyday challenges faced by astronauts based on NASA-related science, technology, engineering, and math. Additionally, they will interact with each other through astronaut training simulators, participate in real NASA experiments, program and operate robots, and experience a guided tour of Kennedy Space Center Visitor Complex. The focus of this camp is on inspiring the “**Mars Generation**” through three days of teamwork, educational fun, and enriching space activities.

The 9 days trip also includes guided inside visit to the **UN Headquarters, Statue of Liberty, Washington DC & New York**. A detailed itinerary of the trip is attached herewith for your ready reference.

Cost of the Trip (one-time payment): **QAR 13,000/- (Excluding USA Visa)**.

**Interested students may register for the trip by submitting the PARENTS CONSENT FORM along with the fees in the accounts department on or before 15<sup>th</sup> May 2019.**
